## 4. Marathon Bivouac

Special Stages 3&4 will take you 250km to and from a different location. Riders and racers will sleep in a tent and sleeping bag just like the Malle Motto class in the spirit of the old days of the Dakar.

- **YOU** are responsible to bring your own tent and sleeping bag to Romania
- **ORGA** are responsible to transport YOUR tent and sleeping bag from the Bivouac to the Marathon Bivouac.

Marathon Bivouac is ONLY for the Riders. Support teams are not allowed to travel and camp with the Riders.

Veterans of +55 years of age WILL BE permitted to sleep in the guest house on location.

## 5 Main Bivouac

1. The space is an ex military camp, with fences all around and with 24h guards
2. Restricted access only with BRACELETS for participants, staff and close ones
3. The Bivouac will be on a grass football field (not asphalt) to help keep temperatures low.
4. There are 2 power lines on each side for 220v with multiple outlets you can plug into
5. From 07.00 to 22.00 every day we have fresh food, coffee and drinks on site
6. Vendors are instructed to PRIORITISE riders over the GENERAL PUBLIC
7. Used Oil & Filters collection point will be present
8. 24/7 On-site Paramedics
9. Plenty of Eco-Toilets outside + Dedicated toilets available inside the HQ. Space is dedicated to the competition and is not shared with anyone else
10. "Containex" will provide special containers with showers (see image bellow)
11. There is a generous space for parking trucks and trailers next to the bivouac at no additional charge
12. There will be fresh drinking water available for free daily
13. A stage with entertainment will be setup in the Bivouac which we will also use for awards ceremonies
14. General audience / General public access will be permitted in the bivouac but it will be done in groups and only accompanied by a member of a special designated staff team.
15. There is a Rustic Restaurant within walking distance
16. There is a small park for relaxation on the side of the Bivouac
17. There is a gas station and car wash right next to the Bivouac

## 6. Hotels and Accommodation

Camping in the Bivouac is free of charge and will work on a first come first basis in terms of selecting your spot.

Unlike the first year, the Accommodation industry is fully functioning in 2026 with 4 primary locations to choose from which work on the same first come first serve basis.

The organizer can facilitate your hotel booking. Reach out via e-mail to [info@rorallymarathon.racing](mailto:info@rorallymarathon.racing) or on whatsapp with Diana at +40 730 491 971.

Please note that the hotel rooms are VERY LIMITED and we will try to accommodate you on a first-come-first-served basis. If you do not pay the hotel invoice we will not be able to secure your booking.

It's very important to understand the hotel rooms in July are mostly rented to social events in Ramnicu Sărat, this period being one where the hotels are almost always at capacity. So it's very important to book as far ahead as possible, and it's also possible it will be difficult to add additional rooms, or change options as the race gets closer.

If you encounter language difficulties speaking with the staff of the hotel about your reservation you can reach out to the Organizer to offer help with translation.

These are the primary locations you can book

- [Hotel Eden, Rîmnicu Sărat \(prețuri actualizate 2025\)](#) (10 minutes from Bivouac)
- [AVO Hotel, Rîmnicu Sărat \(prețuri actualizate 2025\)](#) (20 minutes from Bivouac)
- [Cazare de Vis 3 stele, Oreavul \(prețuri actualizate 2025\)](#) (25 minutes from Bivouac)
- [Facebook](#) - Pensiunea Ovidiu (8 minutes from Bivouac)

A fair accommodation in a good enough room in Romania should run you between 40 to 55 euros a night depending on location. Anything cheaper will mean very poor conditions and anything more SHOULD come with better quality

## 7. Refueling

The average distance between refueling points is 90 KM.

Some points will be at gas stations, other will require you to prepare one or more **Gas Canisters** the day before the stage which the organizer will deliver to you.

The MAXIMUM amount of Gas Canister refueling spots during one stage of this rally can be 4. These will be required on Friday during the Baja 555 Romania stage which is more than 500km long.

## 8. Tracking

Stella by Anube must be rented BEFORE the competition for the cost of (**TBD**) euros from here:

- [Romania – Anube Sport EU](#).

**In 2026, it will be possible to RESERVE Stella on ANUBE website, and PAY IN THE BIVOUAC on arrival.**

If this is your first time using Stella, note that you must also purchase the 100 euro package of accessories which you get to keep and reuse in future rallies.

## 9. Adventure Class

This year Baja 500 Motorsport goes 1 step further in encouraging passionate people to discover the amazing thrills of Rally Raid by emphasising the basic thing it all starts with: CONQUERING THE COURSE!

Just like back in the days of Thierry Sabine who famously said “A challenge for those who go, a dream for those who stay behind”, **RoRallyMarathon** is a challenge to be discovered and conquered.

The simple feat of completing 2300 km in 8 days is an achievement to boast about for the rest of your life.

Since many people don't know where to start, we've created the Adventure class for cars, bikes, and side by sides.

Adventure Class riders will benefit from a free course in RoadBook navigation and the fundamentals of Rallying as well as a discounted race fee.

Contact us at [info@rorallymarathon.racing](mailto:info@rorallymarathon.racing) if you would like to experience the longest rally in Europe and we will guide you through the process and answer all of your questions.

## 10. The Malle Moto Experience

At **RoRallyMarathon** we believe that Rally Raid is an experience that should be wild, intense, and rugged. That is interestingly enough also the most budget friendly way to experience racing.

Our Bivouac has everything required for you to camp, eat, drink, work on your bike and much more.

So pack your tent, your consumables and join us in the Bivouac for an all-inclusive first class rally-raid experience this summer in Romania!

## 11. Off Site activities for close ones joining you

Romania is a beautiful country with a lot to offer. Upon request, we can organize groups and mini-buses for Day trips in locations such as:

Trips can be arranged for affordable prices depending on group size but trips should be planned in advance.

## 12. Digital Roadbook - Terra Pirata

We will be offering digital roadbook distribution through Terra Pirata, a state of the art navigation system.

We strongly advise to choose this navigation method as any changes or modifications will be uploaded automatically to your device in case they appear. Paper Roadbook users will have to edit their own by hand.

We also advise any beginners and **Adventure Class** riders to opt-in to the Digital Roadbook as it can be used on any mobile phone (*Android or iOS*) and it will spare you the addition cost (upwards of 300 euros) required to set-up the navigation roadbook tower on your motorcycle.
